

“TORRE D’ORTI”

Rosso Provincia Verona I.g.t.

Corvina and Rondinella are the two red grapes typical of the Verona area. In this blend they are responsible for the spicy notes and fruits characteristics especially of wild cherry. As they don't are very generous in structure and color we have blended them with a 15% of other recommended grapes.

Moreover, as for the local tradition we have done the “ripasso” with some Merlot, intentionally dried for this wine.

The wine age nearly twelve months, partly in slightly used barriques and partly in oak barrels of 20hl.

It has a deep and vivid color. On the nose the cherry notes of the Corvina are harmoniously combined with wild berries notes of the Merlot. The palate is balanced and powerful.
